

CONTENTS

- **Introduction**
J. Luño
- **Is it the agent or the blood pressure level that matters for renal protection in chronic nephropathies?**
F. Locatelli
- **NADPH Oxidases and oxidant stress in cardiovascular diseases**
R. A. Clark, T. K. Epperson and A. J. Valente
- **Aldosterone and vascular function in hypertension**
V. Cachafeiro, D. Sanz-Rosa, N. de las Heras, E. Cediel, M.ª P. Oubiña, M. Miana and V. Lahera
- **Role of VEGF in the protection of endothelial cells**
F. R. González-Pacheco, M. A. Castilla, M. V. Álvarez-Arroyo, J. J. P. Deudero, F. Neria, A. J. De Solís, S. Yagüe and C. Caramelo
- **Nitric oxide and vascular wall remodeling. Implication of extra cellular matrix metalloproteinases**
S. Lamas and C. Zaragoza
- **Optimal organprotective antihypertensive therapy for the individual patient with hypertensive renal disease**
D. de Zeeuw
- **Effect of losartan on sudden cardiac death in people with diabetes: LIFE study**
I. Lindholm
- **Essential hypertension, salt sensitivity and cardiovascular risk**
A. Coca
- **Hypertension, cardiovascular and renal risk associated to obesity**
J. Abellán
- **Arterial hypertension treatment in the acute phase of cerebro-vascular accident**
J. I. Tovar
- **Clinical importance of white coat hypertension**
N. R. Robles
- **Blockade of AT-1 receptors of angiotensin II in the control of the blood pressure in postmenopausal women: influence of hormonal substitution treatment**
F. Fernández Vega
- **Arterial hypertension and cardiovascular risk in the elderly**
F. J. Gómez Campderá, S. García de Vinuesa, M. Goicoechea and J. Luño
- **The role of endothelin in progression of renal diseases and cardiovascular damage**
K. Amann
- **Angiotensin peptides, their receptors and cardiovascular disease**
M. Ruiz Ortega, V. Estéban, M. Rupórez, E. Sánchez-López, A. F. López, J. Rodríguez-Vita and J. Egido
- **The effects of renin angiotensin system blockade on the progression of diabetic nephropathy**
S. Shabiniar
- **The renin-angiotensin system in progression, remission and regression of chronic nephropathies**
G. Remuzzi
- **Determinant factors of pulse pressure in chronic renal disease**
S. García de Vinuesa, M. Goicoechea, F. J. Gómez Campderá and J. Luño
- **Pulse pressure, arterial wave reflections and survival in end-stage renal failure**
G. London
- **Cardiovascular mortality in end stage renal therapy. Comparison between dialysis and renal transplant**
N. Mazzuchi, C. González, A. Ferreira, L. Solá and E. Schwedt
- **Blood pressure control and cardiovascular risk in patients on chronic peritoneal dialysis**
R. Selgas
- **Extracellular volume and blood pressure control: lessons from long-hour haemodialysis treatment**
C. Chazot
- **Prevention of cardiovascular risk in dialysis**
R. Pérez García, P. Rodríguez Benítez, D. Carretero, R. Iofic, R. Amann, M. L. Fernández Rodríguez and J. M. López Gómez

CONTENTS

- **Homocistein protein C-reactive, lipid peroxidation and mortality in patients in haemodialysis**
B. Bayes
- **Vascular wall inflammation and statins**
I. M. Blanco-Colio, L. Martín-Ventura, A. Gómez-Hernández and J. Egido
- **Beneficial effects of statin on renal function. Mechanisms of action unrelated to its antilipidaemic effect**
C. Gujjarro
- **Dyslipidaemia and vascular risk in patients with type 2 diabetes mellitus associated nephropathy**
A. Martínez Castela
- **Prevalence of atherosclerotic vascular disease in chronic kidney disease**
J. Luño, S. García de Vinuesa, F. Gómez Campderá and M. Goicoechea
- **Influence of obesity on the progression of renal insufficiency**
M. Praga
- **Volume control and left ventricular hypertrophy in patients with end stage renal disease**
A. I. Martín de Francisco, C. Piñera, O. Castañeda, R. Valetto and M. Anas
- **Prognostic value of troponin T levels in patients with chronic kidney disease**
M.ª A. Goicoechea, S. García de Vinuesa, F. J. Gómez Campderá, M. J. Gutiérrez, P. Blanco and J. Luño
- **The MIA (malnutrition, inflammation, atherosclerosis) syndrome in haemodialysis patients: could it be prevented?**
P. Aljama
- **Hypertension and cardiovascular risk in different hemodialysis techniques**
J. M. López Gómez, R. Jaire, P. Rodríguez Benítez, R. Amann, I. Fernández Rodríguez and R. Pérez García
- **Prevalence of traditional factors of cardiovascular risk after renal transplantation**
R. Marcén
- **Differences in the effect of different immunosuppressive combinations on arterial hypertension**
J. M.ª Morales
- **Pulse pressure and cardiovascular risk in renal transplant patients**
S. Sanz de Castro
- **Benefits of renin angiotensin system inhibition**
J. L. Rodicio
- **Renal dysfunction as a cardiovascular risk factor**
E. Ritz
- **Inflammatory markers and vascular disease. Effect of hypolipidemic treatment**
V. Lahera, V. Cachoiteiro and P. López Jaramillo
- **Microalbuminuria, a key to diabetic complications and their treatment**
C. E. Mogensen
- **Early detection of kidney disease in type 2 diabetes**
R. Marín
- **Risk factors of diabetic nephropathy in Canarias**
B. Maceira, S. García, R. Miquel, L. Montoya, A. Bielsa, A. Jiménez and A. López Alba
